SINCE 2009

K O R B A N[®]

Korban Professional, a leading Brazilian company, has been a leader in the professional hair cosmetics market since 2009. Our essence is defined by a strong commitment to nanotechnology, sustainability, and innovation, allowing us to offer exquisite hair care products. Each product is meticulously designed using the most advanced technology with high-quality ingredients, resulting in remarkable achievements for hair health and beauty. We adhere to sustainability, reflecting our deep respect for the environment. This innovative approach significantly differentiates us from other companies in the sector. Korban Professional's recognized excellence transcends the borders of Brazil, as we export our products to more than 25 countries. Our proven track record of success and total customer satisfaction attests to our solid position in the global hair cosmetics market.

MAIS LISS HAIR STRAIGHTENING

Mais Liss Hair Straightening is a professional formaldehyde-free straightening and volume reduction system, developed to promote effective alignment of the hair fiber with safety and high performance.

Present in the Brazilian market for over 15 years, Mais Liss has established itself as a reliable solution for professionals seeking consistent, long-lasting results with high quality standards. Its technology combines organic acids, amino acids, and nourishing actives that act on the hair structure, providing a long-lasting smooth effect, frizz control, and intense shine, while preserving hair integrity.

MAIN ACTIVES

Hyaluronic Acid, Açai Oil, Brazil Nut Oil, Shea Butter, and Amino Acids.

PRODUCTS IN THE LINE

Mais Liss Nanogloss

Efficient straightening for all hair types, with volume reduction and intense shine.

Mais Liss Nanogloss Blond

Suitable for blonde and colored hair, it helps neutralize yellowish tones while promoting alignment and treatment.

BENEFITS

- Straightening for all hair types
- Reduces volume and frizz
- Intense shine and softness
- Hair fiber treatment
- Straights 100% any kind of hair

HOW TO USE

1. Shampoo (Preparation): Apply to damp hair, massage gently and rinse. Repeat the operation.
2. Nanogloss (Straightening): With clean and dry hair (approx. 80%), apply the product strand by strand using a brush, respecting 1 cm from the scalp.
Leave on for 30 minutes.
Rinse all the product, dry completely and divide the hair into thin strands.
Flat iron each strand 10 times.
3. Balm: Apply to damp hair, massage, leave on for 5 minutes and rinse completely.

HYDRA BRAZILIAN KERATIN

High-performance volume reduction and frizz control.

Hydra promotes hair fiber alignment, effectively and lastingly reducing volume and controlling frizz. Its formula, enriched with plant-based active ingredients, deeply treats the hair, providing hydration, softness, and intense shine.

In addition to disciplining the hair, it acts on the fiber structure, leaving the hair more aligned, silky, and with natural movement.

HOW TO USE

Wash hair with a deep cleansing shampoo. Then, dry approximately 80% of the hair, keeping it slightly damp.

Using a brush, apply the product strand by strand, respecting a distance of 1 cm from the root. Leave on for 30 minutes.

After the processing time, remove excess product with a towel. Dry with cold air. Straight the thin strand with a flat iron, from 8 to 10 times.

LIFTING HAIR

MAIN ACTIVES

Coconut Oil, Panthenol, Hydrolyzed Wheat Protein, and Tannin.

Lifting Hair is a powerful ally in reducing volume and controlling frizz, promoting alignment and discipline to the hair with high performance.

Its formula acts directly on the hair fiber, providing intensive treatment while smoothing the hair structure. Enriched with Coconut Oil, Panthenol, Hydrolyzed Wheat Protein, and Tannin, it offers hydration, resistance, and replenishment of essential nutrients, leaving hair stronger, softer, and with intense shine.

The result is visibly more aligned hair, with reduced volume, a silky touch, and a long-lasting anti-frizz effect.

HOW TO USE

Wash hair with a cleansing shampoo, rinse completely, and remove excess moisture with a towel.

With clean hair, apply the product using a brush, keeping 1 cm away from the scalp.

Leave on for 30 minutes. Then rinse and dry hair completely. Divide into thin sections and straighten each section 10 to 15 times.

ZERO FRIZZ ROYAL HONEY

MAIN ACTIVES

Honey, Royal Jelly, Rosehip Oil.

Developed to eliminate frizz and reduce hair volume, Zero Frizz acts directly on the hair structure by treating it and aligning the hair fibers. This outstanding product smooths the curls, keeping its main structure, eliminating all the frizz and undesirable volume.

The sugars present in its formulation serve as energizers and exfoliants for the cuticle, removing all imperfections and acting as a substrate for the hair fiber to be nourished and treated, resulting in extremely soft and shiny strands. This treatment also plays a role in regenerating the cuticle, having a healing action due to the synergy of rosehip oil and the polyphenols that come from honey molecules.

HOW TO USE

After washing your hair with shampoo, apply Zero Frizz Honey with a brush throughout the length of the hair. Leave on for 30 minutes, then rinse. The hair can be finished with a brush and straightener.

BTOX BRAZILIAN CACAU

MAIN ACTIVES

Cocoa, Argan, and Coconut Oil.

BTOX Brazilian Cocoa is a high-performance treatment developed to reduce volume, control frizz, and straighten hair.

Its formula, rich in cocoa butter, combined with the nourishing power of Argan and Coconut Oil, acts deeply on the hair fiber, replenishing essential lipids and restoring the hair structure. It provides a disciplining effect, reduces excessive volume, and leaves hair more aligned, soft, and with intense shine.

HOW TO USE

Wash hair, rinse completely, and remove excess moisture.

Using a brush, apply the product to the entire length of the hair.

Leave on for 20 to 40 minutes.

Dry hair.

Divide into thin sections and straighten each section 10 times.

KORBAN DOSES

High-performance ampoules developed to offer intensive treatment with maximum efficiency and cost-effectiveness.

With high yield, each ampoule provides, on average, up to 4 applications.

With specific formulas, Korban Doses act in a targeted way on the needs of the hair, promoting immediate results.

- Targeted treatment by need
- Immediate results
- High professional performance
- Yield of up to 4 applications per ampoule

HOW TO USE

Pour 1/4 of the contents of the vial into a container, add 20 mL of water and mix with a brush until a creamy texture is obtained.

AMAZON OILS

Intense Hydration

MAIN ACTIVES

Açaí, Brazil Nut, and Pracaxi.

Immediate action treatment with Amazonian oils, developed to promote intense hydration, nutrition, and revitalization of the hair.

- Intense and immediate hydration
- Lipid replenishment
- Nutrition and revitalization
- Intense shine

OIL PREMIUM UNIDOSE

Antioxidant Action

MAIN ACTIVES

Argan, Ojon, and Monoi.

Immediate action treatment with antioxidant properties, developed to protect and repair damaged hair.

- Antioxidant action
- Nutrition and lipid replenishment
- Protection of the hair fiber
- Intense shine and silky touch

POWER DOSE ROYAL HONEY

Anti-frizz and Healing Action

MAIN ACTIVES

Honey, Royal Jelly, and Rosehip Oil.

Immediate action treatment that promotes deep nourishment and recovery of the hair fiber.

- Anti-frizz action
- Healing action on the hair fiber
- Deep nourishment and hydration
- Immediate shine and softness

ESSENTIAL DOSE

Hair Strengthening

MAIN ACTIVES

Rosemary and Lavender Oil.

Immediate action treatment developed to strengthen and revitalize hair.

- Strengthens the hair fiber
- Revitalizing action
- Increased hair resistance
- Shine and vitality

NO YELLOW

Toning and Revitalizing Treatment for Blonde and Gray Hair

MAIN ACTIVES

Acai, Vitamin E, and Grape Seed Oil.

Immediate action treatment developed to neutralize yellow tones and revitalize blonde and gray hair.

- Toning action for yellow tones
- Antioxidant action
- Revitalization of blonde and gray hair
- Shine and hydration

HAIR CARE SCHEDULE REPAIR

Hydration, nutrition, and revitalization for damaged hair

The Korban Repair Hair Schedule was developed to promote deep hydration, intense nutrition, and revitalization of the hair, restoring health, softness, and shine.

The kit consists of 3 ampoules with complementary functions within the hair schedule. Use is weekly, alternating each ampoule according to the hair's needs, promoting continuous replenishment of essential nutrients.

AMPOULES OF THE SYSTEM

Unidose Oil Premium

Antioxidant action and hydration, protects hair against external damage and restores immediate softness and shine.

Royal Honey Power Dose

Intense nutrition and anti-frizz action, promotes hair fiber alignment and a silky touch.

Amazon Oils

Deep hydration and lipid replenishment, revitalizes hair and reinforces protection against external aggressions.

MAIN BENEFITS

- Deep hydration of the hair strands
- Intense nourishment of the hair fiber
- Frizz control and alignment
- Shine and softness
- Repair of damaged hair
- Healthier and more manageable hair

SOS REPAIR

CARBON REPAIR SYSTEM™

High-performance intensive treatment with hydration and carbon replenishment action, developed to deeply restore the hair fiber.

Its advanced technology works to replenish essential water and reconstruct the internal mass of the hair, reconnecting keratin chains and restoring strength, elasticity, and integrity to the hair structure.

Ideal for damaged, dry, or chemically treated hair.

HOW TO USE

Shampoo

With damp hair, apply the S.O.S Shampoo, gently massaging the scalp and hair until lather forms. Rinse and, if necessary, repeat the application.

Mask

Apply a generous amount to clean, damp hair, distributing strand by strand. Leave on for 20 minutes and rinse completely.

Finisher

With clean, damp hair, apply a small amount along the length of the hair. Comb and style as desired.

MASK NUTRE REPAIR

ACTIVE INGREDIENTS

Coconut oil, biotin, amino acids, and pro-vitamin B5.

With numerous benefits, the Nutre Repair mask deeply nourishes the hair, providing essential nutrients to restore its health. It promotes hydration and strengthens the hair fiber, leaving it more resistant and with a revitalized appearance. One of its main characteristics is the ability to quickly balance the pH of the hair, making it ideal for use after chemical treatments such as coloring, straightening, and keratin.

Available in 250g and 1kg packages.

HOW TO USE

Apply a generous amount of the mask to clean, damp hair. Massage and leave on for 20 minutes. Rinse.

MASK ROYAL HONEY

Its regenerating formula acts as a true balm for dull and lifeless hair, restoring it to life with a radiant shine. One of the main characteristics of the Royal Honey Mask is its ability to prevent moisture loss, ensuring consistently hydrated and healthy hair.

Available in 180g and 450g packages.

HOW TO USE

After washing, condition with Power Dose. Then, apply the Royal Honey Mask to all of your hair or scalp. Massage strand by strand. Leave on for 15 minutes.

K-PEPTIDE

Extreme Reconstruction System
Molecular reconstruction for extremely damaged hair

K-Peptide™ is a high-performance reconstructor developed for severely weakened, sensitized, and damaged hair due to chemical processes, excessive heat, and external aggressions. Its gradual release technology promotes the action of biofunctional peptides for up to 36 hours after application, offering continuous and deep care that works to restore the hair fiber from the inside. With high affinity for the hair, K-Peptide™ helps to recover the hair structure, restoring strength, resistance, manageability, and vitality.

Result: reconstructed, fuller, strengthened, and visibly recovered hair.

HOW TO USE

1. Micellar Shampoo

With damp hair, apply the Micellar Shampoo and gently massage the scalp until lather forms. Distribute through the lengths and ends. Rinse and, if necessary, repeat the application.

2. pH Balancer

Apply to damp hair, distributing evenly throughout the length of the strands. Gently massage and leave on for 5 minutes. Rinse.

3. Extreme Reconstructor

Apply strand by strand to damp hair, distributing evenly. Gently massage and leave on for 10 minutes. Rinse well.

4. Intense Hydrator

Apply to damp hair, spreading throughout the length. Gently massage, leave on for 10 minutes and rinse completely.

BIOPLASTIA SCALP CARE

Strengthening, Density, and Balance for Fine Hair

A complete treatment system that works on the scalp and hair fiber, promoting strengthening, increased density, and balance of the hair strands.

With high-performance active ingredients, the Bioplastia line helps improve hair anchoring, strengthens the hair structure, and restores vitality to fine and fragile hair.

Its technology stimulates the scalp, promotes greater hair resistance, and contributes to increased hair density, providing stronger hair from the growth stage.

- Strengthening of the hair fiber
- Increased density and resistance
- Scalp balance
- Ideal for fine and fragile hair

PROFESSIONAL PRODUCTS

- Purifying Shampoo
- Densifier Balm
- Bio Serum
- Densifier Complex

BIOPLASTIA HOME CARE

A maintenance line that prolongs the results of professional treatment, promoting balance between oily roots and dry ends.

It helps control scalp oiliness while hydrating and protecting the hair length, leaving strands lighter, healthier, and with a natural shine.

PRODUCTS

- Bioplasty Shampoo
- Bioplasty Conditioner

MAGIC BOOSTER

Hair Fiber Enhancing and Protection Capsules

Capsule treatment developed to enhance the results of hair procedures and protect the hair fiber during chemical processes.

Its formula with Hyaluronic Acid, Sericin, and Quinoa works to replenish mass, strengthen and protect the hair, preserving its integrity even during aggressive processes such as bleaching and straightening.

Ideal for use in conjunction with chemical treatments and services, increasing performance and ensuring greater safety for the hair.

- High-performance capsules
- Enhances the effect of treatments
- Protects the hair fiber during chemical processes
- Replenishes mass and strengthens hair
- Reduces damage and breakage

OIL PREMIUM

Antioxidant action and deep hydration for protected, nourished, and visibly healthier hair.

A line developed to care for the hair fiber completely, protecting against external aggressions while promoting intense nutrition and lipid replenishment.

With a sophisticated blend of noble oils, Oil Premium delivers professional performance, restoring softness, shine, and vitality to the hair from the first application.

PRODUCTS IN THE LINE

Oil Premium Shampoo

Gentle cleansing with antioxidant action that hydrates and protects the hair from washing.

Oil Premium Conditioner

Promotes alignment, softness, and cuticle sealing, with deep hydration and daily protection.

Oil Premium Mask

Intensive treatment with antioxidant action and deep hydration that nourishes and restores the hair fiber.

Oil Premium Elixir – 60 mL and 15 mL

Finishing oil with antioxidant action, protects, hydrates, and provides intense shine.

Premium Oil Single-Dose Ampoule

Treatment ampoule with antioxidant action and deep hydration, ideal for immediate hair recovery.

CURLY LINE

Developed for curly and wavy hair, the Curly Line provides deep hydration, definition, and frizz control, respecting the natural structure of the hair.

Enriched with butters and nourishing active ingredients, it works to replenish lipids and maintain essential moisture, providing more defined, soft curls with natural shine.

- Deep and long-lasting hydration
- Definition and frizz control
- Nutrition and lipid replenishment
- Natural movement and shine

CURLY BUTTER MASK

Intense Hydration and Nutrition

MAIN ACTIVES

Macadamia, Pequi, Avocado, Coconut, and Keratin.

Treatment mask that promotes deep nutrition, intense hydration, and restoration of hair softness.

- Deep nutrition
- Intense hydration
- Definition and softness
- Shine and vitality

CURLY ACTIVE JELLY

Definition and Control of Curls

MAIN ACTIVES

Aloe Vera, Seaweed, and Quaternized Keratin.

Modeling gel developed to provide long-lasting definition, frizz control, and light hold, while maintaining the natural movement of curls.

Its formula promotes hair alignment without weighing it down, leaving hair defined, hydrated, and shiny.

- Long-lasting curl definition
- Frizz control
- Light and natural hold
- Movement and shine

PERFECT WAVES DAY AFTER & STYLING SPRAY

Natural Styling and Curl Definition

MAIN ACTIVES

Açaí, Aloe Vera, Seaweed, and Hydrolyzed Keratin.

Styling mist developed to create, define, and reactivate waves and curls with lightness and naturalness.

Ideal for finishing and for the Day After, it restores shape, movement, and frizz control between washes, without weighing down or leaving hair stiff.

With antioxidant action, thermal protection, and anti-humidity action, it helps preserve curl definition even in humid environments, ensuring soft and long-lasting hold with a natural look.

- Light and natural styling
- Definition and frizz control
- Day After effect: reactivates curls
- Thermal protection
- Anti-humidity action

SCALP CARE

Scalp Balance, Purification, and Revitalization.

Treatment system developed to promote scalp health, acting on purification, oil control, and stimulation of healthy hair growth.

With high-performance active ingredients, the Scalp Care line removes impurities, unclogs follicles, and improves the scalp environment, promoting stronger, more resistant hair with healthy growth.

- Deep detox and purification
- Oil control
- Stimulation of circulation and healthy growth
- Scalp balance

SCALP THERAPY

Scalp Purification and Revitalization

MAIN ACTIVES

Brazilian Clay, Salicylic Acid, Tea Tree Oil, Niacinamide, and Jaborandi.

Detox treatment that promotes deep cleansing and renewing action, removing residue, dead cells, and excess oil.

Aids in scalp regeneration, improves oxygenation, and provides a feeling of freshness and balance.

- Detoxifying and purifying action
- Unclogging of follicles
- Oil control
- Feeling of freshness and lightness

SCALP SERUM

Strengthening and stimulating growth

KEY ACTIVES

Anageline®, Biotin, Caffeine, and Niacinamide.

Serum developed to act directly on the scalp, strengthening the root and creating an ideal environment for continuous and healthy hair growth.

Stimulates circulation, improves hair anchoring, and helps reduce hair loss.

- Stimulates healthy growth
- Strengthens the root
- Energizing action on the scalp
- Improves hair density

RESULT

Balanced scalp, stronger hair, and healthy growth from the root.

FINISHER MAIS LISO

Finishing product developed to increase the durability of blow-drying, reduce frizz, and offer thermal protection, while continuous use promotes progressive hair straightening.

Its formula disciplines the hair fiber, reduces drying time, and helps keep hair straight even in humid environments.

Ideal for facilitating blow-drying, optimizing styling, and prolonging the smooth effect.

- Reduced drying time
- Thermal protection
- Anti-humidity action
- Frizz control and hair straightening
- Shine and softness

RESULT

More aligned, protected hair, with faster drying and a long-lasting smooth effect.

PERFECT USE

Protection, repair, and protein replenishment for hair

Multifunctional leave-in conditioner developed to restore hair health, acting as a protein for the hair strands, strengthening and protecting against thermal damage and external aggressions.

Its formula with Hyaluronic Acid, Amino Acids, Rosehip Oil, and Panthenol promotes hair fiber repair, mass replenishment, hydration, and resistance, leaving hair stronger and healthier.

Ideal for daily use, it protects hair from the heat of dryers and straighteners, preserving the integrity of the hair fiber.

- Protein replenishment and strengthening
- Hair fiber repair
- Thermal protection
- Hydration and resistance
- Shine and softness

RESULT

Stronger, protected hair with mass replenishment and a healthy appearance.

PRIME BLUR

Instant strengthening, shine, and frizz control

Multifunctional leave-in conditioner that provides an immediate smoothing effect on the hair, reducing porosity and frizz, with a luminous finish and velvety touch.

Its formula with Hyaluronic Acid, Collagen, Vegetable Proteins, and a blend of oils hydrates, protects, and straightens the hair fiber without weighing it down.

- Immediate straightening effect (blur effect)
- Frizz and porosity control
- Hydration and protection of the hair
- Intense shine and silky touch

RESULT

Hair that is more aligned, light, and with uniform shine from the first application.

AFTER

Post-Chemical Treatment for Stronger, Protected, and Nourished Hair

This line was developed to restore and protect hair after chemical processes, promoting nutrient replenishment, hydration, strengthening of the hair fiber, and pH balance.

Enriched with Amino Acids, Açai Extract, and Goji Berry, it offers antioxidant and nourishing action, helping to restore softness, flexibility, and shine to the hair.

Ideal for maintaining hair health, prolonging the results of chemical procedures, and preserving the integrity of the hair fiber.

- pH balance of the hair
- Antioxidant and protective action
- Nutrient replenishment
- Hydration and strengthening
- More nourished, soft, and shiny hair
- Ideal for post-chemical treatments

After Shampoo: Gentle cleansing that removes residue without damaging, preserving hair hydration.

After Conditioner: Promotes nutrition, softness, and alignment, leaving hair more manageable and protected.

UPBLOND

Toning Capsules for Perfect, Yellow-Free Blondes

Capsules developed to neutralize yellow tones and enhance the platinum effect of blonde, bleached, and gray hair.

Its formula with violet pigments, Açai, and antioxidant actives acts directly on color correction, preventing hair oxidation and maintaining a cooler, more uniform, and luminous blonde.

It can be used in conjunction with various treatments and chemical processes, enhancing the result and preserving the hair's tone.

- High-performance toning capsules
- Neutralization of yellow tones
- More intense platinum effect
- Antioxidant action against color oxidation
- Maintenance of cool and uniform blonde

BLOND REPAIR

Complete system for cool, treated, and yellow-free blonde hair

Line developed for blonde, bleached, and gray hair, with a toning action and deep treatment that neutralizes yellow tones while hydrating, strengthening, and protecting the hair fiber.

With anti-yellow technology and high-performance active ingredients, it promotes color correction, intense shine, and protection against oxidation, keeping blonde hair uniform and healthy for longer.

- Neutralization of yellow and orange tones
- Cool and luminous blonde effect
- Hydration and repair of the hair fiber
- Protection against color oxidation
- Strengthening and resistance of the hair strands

PROFESSIONAL LINE

Blond Repair Shampoo

Cleansing with toning action that prepares the hair and neutralizes unwanted tones.

Blond Repair Restorer

Intensive treatment that repairs the hair fiber, strengthens the hair and enhances the blonde result.

HOME CARE

Blond Repair Shampoo

Gentle cleansing with toning action for color maintenance.

Blond Repair Conditioner

Hydrates, detangles and keeps hair aligned, soft and protected.

Frozen Mask

Toning mask with intensive action that neutralizes yellowish and orange tones while promoting deep hydration and repair of the hair.

NO DAMAGE

INTENSIVE PROTECTION FOR HAIR EXPOSED TO EXTERNAL AGGRESSIONS

No Damage is a multifunctional hair serum developed to protect and preserve the integrity of the hair fiber before and after exposure to sun, sea and pool. Its technology forms a protective film on the hair, helping to reduce damage caused by chlorine, salt, UV radiation and external aggressions.

With high-performance active ingredients, its formula works to maintain the hair structure, contributing to more aligned, soft and evenly shiny hair, even after intense exposure.

Product Highlights

- UV and thermal protection
- Action before and after exposure to sea and pool water
- Formation of a protective film on the hair fiber
- Reduction of dryness, frizz, and porosity
- Helps preserve color and prevent fading
- Improves softness, alignment, and shine

Key Active Ingredients

Pear Peptide – a biofunctional active ingredient that helps protect the hair fiber, promoting a soft touch and healthy appearance

Vitamin E – an antioxidant that contributes to protection against external damage and helps preserve hair color

Coconut Oil – an emollient agent that promotes nutrition, conditioning, and reduces dryness

Indication

Suitable for all hair types, especially hair frequently exposed to sun, sea, pool, wind, and other external agents, or that presents dryness, frizz, and porosity.

COLLORS

HAIR BLEACH

ACTIVE INGREDIENTS

Aloe Vera, Macadamia Oil, Sericin.

HOW TO USE

Wearing gloves, in a non-metallic container, place one measure (50g) of Korban Collors Hair Bleaching Powder and add 100 mL of 10, 20, 30 or 40 volume hydrogen peroxide. Mix until a homogeneous mass is formed. Apply to strands, highlights or balayage according to the professional's technique.

KORBAN COLOR

ACTIVE INGREDIENTS

Aloe Vera, Macadamia Oil, Sericin.

KORBAN COLOR CREAM HAIR COLOR

Perfect gray hair coverage. 100% colored hair without a dull effect;
It has a selective coloring system, intensifying the color action in the areas that need it most and attenuating its action when necessary, making the result more uniform;
Provides ultra-hydration and three-dimensional shine to the hair fiber. More luminous and natural hair;
A range of long-lasting and luminous colors that blend into an infinite number of shades and provide the most diverse combinations for your look.

HOW TO USE

The hair color is a 1 to 1.5 ratio, that is: for one measure of hair color, add one and a half measures of creamy hydrogen peroxide in the volume appropriate to the desired result.
PREPARATION: In a non-metallic container, place the entire tube (60g) of the chosen color and add 90ml of 20-volume creamy hydrogen peroxide. Mix until a homogeneous cream is obtained. Apply with a brush to dry, unwashed hair. Processing time: 35 minutes. For super lighteners, the ratio is 1 to 2, that is, for one measure of color, add 2 measures of your preferred creamy hydrogen peroxide. PROCESSING TIME: 40 minutes. Before rinsing, emulsify the hair by adding small amounts of warm water and massaging it. Rinse well with plenty of water and apply a conditioner. Shampoo is not necessary after application.

FLORÉ BODY & HAIR MIST

Discover the delicacy and sophistication of Floré Body & Hair Mist, the new Korban launch. A versatile perfume, developed to gently and freshly scent the body and hair throughout the day.

Combining the elegance of peony and the lightness of freesia, this fragrance brings an intimate and sensual touch, perfect for those who wish to highlight their personality with femininity and charm.

KEY FEATURES:

Delicate perfume for body and hair;

Floral fragrance with sophisticated notes;

Intimate and sensual touch;

Practical 15ml packaging, ideal for carrying in your bag and using on any occasion.

Transform every moment into a memorable experience with Floré Body & Hair Mist.

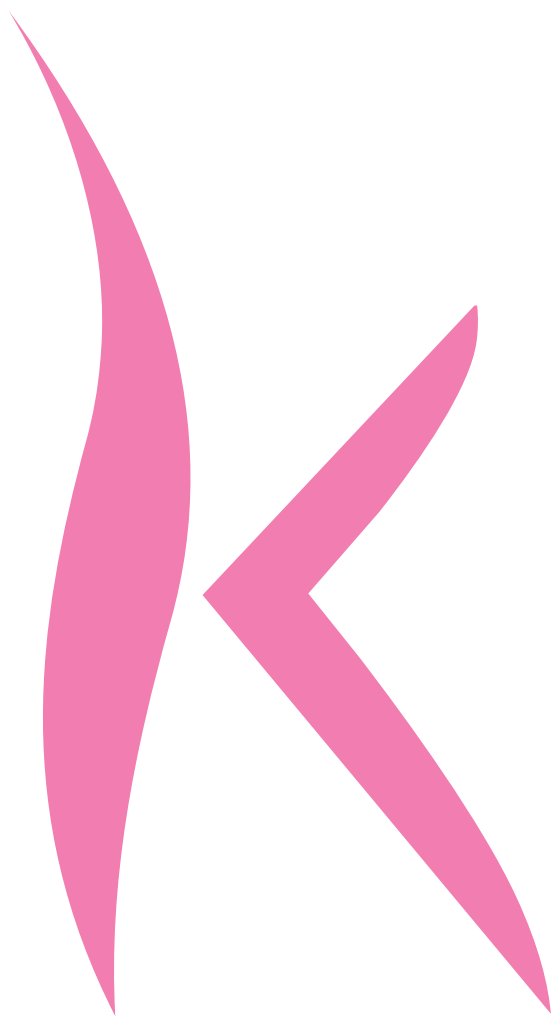

DIVINE SHARE

Divine Share is a fragrance from the Amber Vanilla family, created to evoke the welcoming atmosphere of a sophisticated lounge and an enveloping essence.

- Top Notes: Cognac
- Heart Notes: Cinnamon, Tonka Bean and Oak
- Base Notes: Vanilla

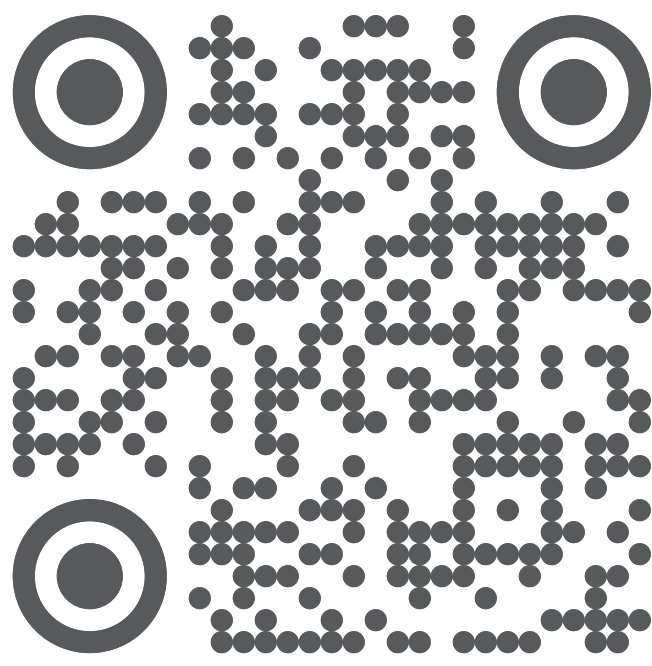

An elegant and captivating perfume, developed to be enjoyed by both men and women.
